- Acceptable file types for artwork: **.pdf - minimum 100dpi at 100% - 200dpi at 50% - 400dpi at 25%**

**All artwork must created in CMYK and ALL PANTONE COLOURS must be included as a PANTONE SOLID COATED SPOT within the print file supplied. Please note failing this will result in no colour matching taking place. Please also note due to the limited colour gamut of various digital CMYK Print methods not all Pantone colours can be achieved, we endeavour to match as close as possible and colour variation will take place on different materials like PVC versus Fabric.
